

Food and Clothing Drive

Once again, the capitalist owned government is failing the working-class people of this country. Despite the Walton family being worth 400 billion dollars, the workers they employ are paid so low a wage that those workers must rely on snap assistance. The same is true of Amazon workers. Jeff Bezos is worth over 250 billion, yet he relies on the US government to subsidize his workers so he can keep record profits for himself. How else can he afford over 10 million for a wedding in Italy?

Now as these billionaires have taken over our government and shut it down, we must rely on each other to make sure that families do not go hungry and cold this holiday season. If you have any food, blankets, coats, or socks that you can spare please contact us and we will arrange to pick these items up or provide you a drop off location. If you are in need of any of these items let us know and we will arrange delivery or provide you with a pickup location. We will be at various locations all around Owensboro from now through the New Year. Please do not hesitate to reach out, no need is too great, and no donation is too small.
